MOUNTING

To be mounted within the surface to achieve flush finish in conjunction with one of the below ZETR mounting assemblies:
Fixed Mounting Assembly (FMA) for plasterboard installation (53mm deep but can be altered in depth).
Adjustable Mounting Assembly (AMA) for all other installations such as stone, tile, timber and rendered walls (56mm deep).

INSTALLATION

All ZETR products are to be installed with care by a licensed electrician and skilled tradesman.
Product installation must comply with Australian and New Zealand standards ASNZ3000.
It is the installers responsibility to ensure correct and safe installation.

CLEANING & MAINTENANCE

Surface cleaning with cloth: Hospital-grade water-based cleaners only. Do not use any solvent based cleaner such as acetone, tar-remover or trichloroethylene.
